NE	78 F
TODAY DIST	14.4mi
LEG TIME	2:34:28

- Nine display lines.
- A window of 3 showing at any time.
- By moving the joystick up and down the window moves up and down.
- On some of the lines there are multiple items that can be selected.
- For instance the engine line shows various engine related data, Road Speed, Engine RPM, Oil Pressure etc.
- You can also change the order of the nine lines.
- FROM THIS SCREEN WE WILL SET THE CLOCK.
- NOTE:
  - PLEASE REMEMBER THIS IS JUST AN EXAMPLE OF THE
  - FAVOTIRE SCREEN, YOUR'S WILL OR MAY BE DIFFERENT.

# Initial Screen

<b>Pre-Trip Checklist</b>
<b>Jacks/Air Leveler Up</b>
<b>Check Tow Vehicle</b>

Toggle switch

## CHECKLIST MENU

Here you have to verify every item on the checklist and look for the check when you push the toggle switch to the Right. You can move up/down on the checklist by moving the toggle switch the yellow mark is UP the opposite direction is down. When you have acknowledged all the items, you will be taken to the next display. If you chose to skip the check list then hold the toggle switch to the Right for 3 seconds.

<b>01/01/00</b>	<b>2:34:28</b>
<b>ODO</b>	<b>14.4mi</b>
<b>TODAY DIST</b>	<b>14.4mi</b>

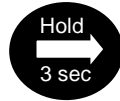

## FAVORITE DISPLAY

Here you can configure it to see what you want by selecting a line with the Up/Down of the toggle switch, reset a value, change the Line Format/Information, or change the information on the selected line.

Park Brake must be set and no line selected in the menu. You can turn Off the Ignition and turn the Headlights on and it will show the current miles on the motorhome.

# YOU MUST GET ACCESS TO THE SET UP MENU, TO SET THE CLOCK. HERE IS HOW YOU GET TO THE SET UP MENU

From the "Favorite Display" and once the "Park Brake" is set:

Highlight the set up line if not already highlighted.

**SETUP**  
MAINTENANCE  
DIAGNOSTICS

Highlight the set time and date if not already highlighted

**SET TIME AND DATE**  
CONFIGURE CHECKLIST  
SELECT METRIC/ENGLISH

**Use**  
**to return to previous step**

Now that you have this in the info screen. Use the toggle switch, press the toggle switch to the right and let go. Now the screen should show :

- SET TIME AND DATE
- CONFIGURE CHECK LIST
- SELECT METRIC / ENGLISH

Use the Toggle switch press the toggle to the right and let go, this will take you to the set clock selections.

# Change the Clock Appearance in The Favorite Screen

To change the Appearance of the Clock in the Favorite Screen you will need to highlight the clock in the Favorite Screen by, MOVING the TOGGLE SWITCH UP OR DOWN to Highlight the CLOCK. Now by just moving the TOGGLE SWITCH to the RIGHT it will Toggle from a NUMBER format to a MONTH format. BEWARE IF YOU KEEP MOVING THE TOGGLE SWITCH TO THE RIGHT IT WILL DISPLAY THE CLOCK ONLY, CLICKING TO THE RIGHT AGAIN AND IT WILL START ALL OVER AGAIN.
